year manufactured: **2013**

The sparkling mahogany brightwork with careful attention to detail, can be seen throughout this beautiful sailboat. Builder: Larry Ausman shipwright Warrenton, Oregon

Hull is the tried-true, Chesapeake Light crafts, Northeaster Dory.

Built for day-sailing as well as races like, Race to Alaska human powered boats only or Everglades Challenge (a race down Florida's West coast) or simply camping in the San Juan's or exploring the Pacific Northwest lakes, yet pretty enough to be featured in wooden boat shows and sail-ins.

Has three-air tight compartments, under-seat storage, a stern cabin with Plexiglas hatch (for the small sailor), Harken small boat high load jib furling system and mail sail (both great condition), New Zealand hardwood oars, gimballed single burner stove, and many, many extras, (see Photo). Includes trailer, GARMIN GPS, spare parts, tools, lines, gas latern, air mattress wt pump, emergency strobe, anchor, hand-pump, boom privacy shelter, varnished tiller, rudder and centerboard.

PRICE: \$7400
