

## Raymarine ST1000 Tiller Pilot

**Never go out on the boat without someone to lend a hand with the steering**

Autopilot for tiller steered sailboats. Max.  
Displacement 6,600 lbs.  
Cockpit autopilot  
Lead-screw and nut drive  
SeaTalk/NMEA GPS compatible  
12 volt DC  
Backlit LCD display, 6 button Digital Keypad  
Includes everything needed for installation on your  
boat. A hard to find autopilot for use on tiller steered  
vessels. Very low usage hours, excellent condition

Sells for approx. \$425.00 plus tax and shipping, yours on the island for \$375.00.
